

INCREASE SALES AND PROFITABILITY WITH

PAC-KITS®

Pre-Packaged Quality A/C Kits

PAC-Kits® are assembled and shipped in one convenient package with everything you need to perform a successful A/C compressor replacement. Created with ease of ordering and installation in mind, pre-packaged A/C kits are built from the top selling new compressors for coverage of the most popular vehicles on the road today.

PAC-Kits® include all of the components necessary to perform a complete compressor replacement:

- ◇ New Compressor
- ◇ Accumulator or Receiver/Filter Drier
- ◇ Expansion Device
- ◇ Proper Oil
- ◇ All Necessary Gaskets & O-Rings
- ◇ Service Valves & Caps
- ◇ Tamper Evident Strap & Underhood Label

PAC-Kits® Pre-Packaged A/C Kits contain all the components required for warranty.

Protect Your Investment with Tamper Evident Straps

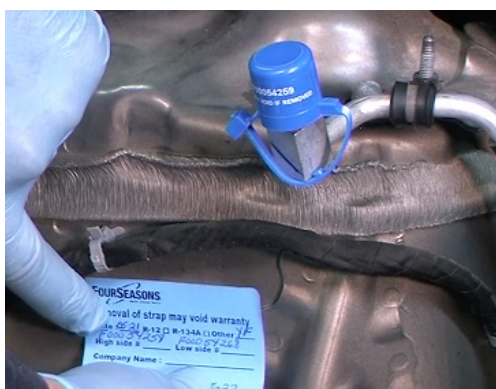

Tamper Evident Straps provide a fast and easy way to protect the integrity of your A/C repair and your equipment from contamination. By securing the straps over the service ports, you can warranty your work with confidence knowing the system could have been tampered with since it was last in your shop if the vehicle returns with the straps damaged or missing. If not detected, unapproved refrigerants or sealers can be harmful to your recovery equipment. Each strap has a unique serial number and an underhood maintenance label to verify the repair. Tamper Evident Straps are included in all pre-packaged A/C Kits, providing additional protection on the A/C service job for both your shop and your customers.

- Fast and easy to use
- Individually serial numbered
- Protect against contamination
- Guard against unqualified repairs
- Key warranty support tool

**Four Seasons® P/N 69030 includes
10 Tamper Evident Straps and 10
Underhood Service Labels**

Underhood maintenance label includes:

- Refrigerant Type & System Pressures
- Shop Name & Phone Number
- Date of Repair
- Next Service Date
